*Sunny days seem to hurt the most
Wear the pain like a heavy coat
I feel you everywhere I go
See your smile, I see your face
I hear you laughing in the rain
Still can't believe your gone*

*(Chorus:)
It ain't fair you died to young
Like a story that had just begun*

*But death tore the pages all away
God knows how I miss you
All the hell that I've been through
Just knowing, no one could take your place
Sometimes I wonder, who you'd be today*

*Would you see the world
Would you chase your dreams
Settle down with a family
I wonder what would you name your babies
Someday's the sky's so blue
I feel like I can talk to you
And I know it might sound crazy*

(Chorus)

*Today [3x]
Today [3x]*

*Sunny days seem to hurt the most
I wear the pain like a heavy coat
The only thing that gives me hope
Is I know, I'll see you again someday*

Someday, someday

The roses are the focal point of the floral arrangement.

Condolences

from the deepest of our hearts...

I love you both do much. God had a purpose for this. Maybe to let us see how strong you both are. I praise God everyday that I have people like you in my family. Kepp him first. Alexis, you have such great parents right now you have an even greater father. You have not only inspired me but others too. Your life was short but a lvery long impact you will have on The Corteville and the Lawson's, and all the families that knew you. I love you al dearly I will always keep you in my prayers. Keep up the strength and always look to HIM when feeling Down. You can do ALL things through CHRIST which strengthens YOU.
Phillipians 4:13

The background is a textured, mottled olive-green or taupe color. In the upper center, there are two roses. The one on the left is smaller and more tightly curled, while the one on the right is larger and more open, showing its petals. The roses are rendered in a light, almost white color, making them stand out against the darker background.

Shared Memoirs

all the gray you turned into colors...

Bubba

I remember when your mom first told me she was pregnant with you. I was so happy. I can't explain how Happy I was. Months went on Her fuluid went down We prayed for her. It came up. Later on when she was showing I always called her my Lil penguin. I luvved it. My Fav vousin was having a baby. But just to see her get hurt was the worst. I can't fathom why God would do that, then. But now looking back they will be stronger than ever with the next child. I can't wait to witness you brother and/or sister. The day I found out that you had went to be with God I cried my heart out. I questioned God why? Why could he do this to them She was married she was doing Great. But throug it all GOD has Been Glorified. I remember the day that you were burried. I hurt so bad for your parents. I walked up to Sid and I gave her A hug and I just cried and the same with your Dad. I wish I had a chance to hold you. I wish I had a chance to pick on you like I pick on your mother. I wish i had a chance to take you out to McDonalds and take you that a cousin would take you. I guess the only thing I can say is that you beat me to the place where I wanted to tell you about. Keep the left and right of you open for your parents and make sure you keep the chair behind you open for me so I can make up for the times I wasn't able to pick on you. I love you ALEXIS and You will always be in my heart.

Love your Favorite cousin and remember that,
David "Bubba" Corteville

All I know is I had never seen your mother and father so happy. when They told us all they was going to be having a baby. Your mom looked so funny with a little belly. I told her she was going to fall over. But you have the most wonderful parents. I come by your grave almost everyday. And Just sit there and wonder how you would had been today . But We all know you are in a such better place now . And We will See you again someday. But Just know your mom and Dad love you so much. your mother was so

cute when you was in her belly. Well Girl you have a Good Birthday, don't be chanceing after the boys up there in heave to much. lol

Love you Girl

Uncle Josh

Jessica

IT is the day before you were born and I was sitting in the same spot I am now. I was hurting but I did not realize something was wrong. I wish I had called your daddy at work so he could take me to the doctor. It was the first time for me to be in labor and I did not know what it was. IT is so hard to believe you would be a year old tomorrow. I miss you so much. I know you are in a better place now and you are not hurting any more. but I just wish I could hold you in my arms. And be the mother I was looking forward to being. I just don't understand it. When I held you at the hosiptal I felt like my world had ended. But I know it didn't. I know you are in heaven waiting on me. Well I am going to go and I will write again later. I love you with all my heart. - love mommy

The image features two roses, one smaller and one larger, positioned in the upper right quadrant. They are set against a textured, olive-green background that resembles aged paper or parchment. The roses are rendered in a soft, slightly faded style, blending into the background.
